CROCHET PATTERN

Bobble Wing Chick

Intermediate / No sewn pieces / US crochet terms

Make two little chick wings within a single round. A four-leg bobble gives each side a bump while keeping the body count unchanged.

Two golden bobbles grow out of the egg-shaped body as you crochet. Embroider the beak and feet after choosing the smooth front between the wings.

Materials

Smooth #4 worsted yarn in the listed colors, a 3.5 mm starting hook, stitch marker, tapestry needle, scissors and fiberfill.

Colors

butter yellow, gold, orange, charcoal

How To Read This Pattern

Use US terms. Work continuous rounds unless directed otherwise. Mark the first stitch and move the marker each round. Sc means single crochet. Inc means 2 sc in one stitch. Dec means single crochet two stitches together. For a color change, use the new yarn for the final pull-through of the previous stitch. Start at the base in butter yellow. For a wing bobble, yarn over, insert in the designated stitch, pull up a loop, yarn over and pull through two loops. Repeat that motion three more times in the same stitch. Yarn over and draw through all five remaining loops. The bobble counts as one stitch; do not add a chain. Push it to the outside.

Assembly

1. The bobbles are at positions 6 and 18 of Round 7. The section between them around position 12 is the front. Place the beak at its center one round above the wings. Make a small orange V over two stitches.
2. Embroider two charcoal eyes on Round 9, one on either side of the beak with about three stitches between the eyes. Check the front view before securing the ends.
3. On Round 3, below each eye, embroider a tiny orange foot with two short lines meeting at one point. Keep the base softly filled so these lines remain visible at the front edge.

Checkpoint

Round 7 uses 22 ordinary single crochets and two bobbles. Round 8 should have exactly 24 top stitches, including one top loop pair for each wing.
